

Instructions for Downloading Commercial Content from the XDS Pro Receiver

You will need the IP Address of that receiver. You can get it from the front panel of the receiver by using the keypad and going to Setup > Network > LAN Address. Then browse to the address on a PC on your network:

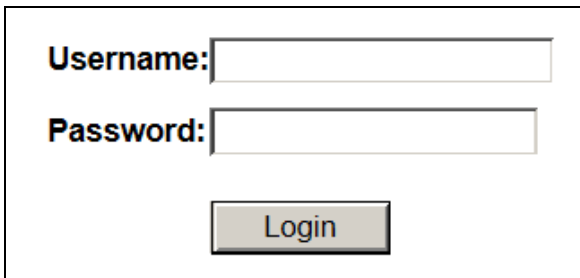

Setup Network

LAN Address

10.10.19.160 (example)

A screenshot of a browser address bar. The label "Address" is on the left, and the text "http://10.10.19.160/" is entered in the input field.

After you enter the IP Address on your browser, you will see the receiver's log in screen:

A screenshot of a login screen. It features two input fields: "Username:" and "Password:". Below the fields is a "Login" button.

Login info:

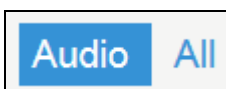

Username: **tech**

Password: Use your Affiliate NMS (myxdsreceiver.westwoodone.com) password OR you can use the receiver's daily password (Setup > Serial # > PWD).

Once you are in the receiver's status screen, click on the **Content** tab:

A screenshot of a navigation bar with three tabs: "General", "Programming", and "Content". The "Content" tab is highlighted in blue.

Once you are in the Content area, click on the **Audio** tab:

A screenshot of a navigation bar with two tabs: "Audio" and "All". The "Audio" tab is highlighted in blue.

Once you are in the chosen area, you will see a list of all the commercial content saved on the receiver:

Audio Content

Title Filter Show All Currently showing: 6/6

	Title ▾	ISCI	⊕ Packages	Received
	A PLACE FOR MOM(WW K...	WW_KET3C3791174		2018-10-26
	HISAMITSU(WW ALON0110...	WW_ALON01100000		2018-10-26
	HISAMITSU(WW ALON0111...	WW_ALON01110000		2018-11-02
	NAC MARKETING(WW SBP...	WW_SBP0007-250		2018-10-26
	STRATEGIC MEDIA(WW SL...	WW_SLSLH614BEST		2018-11-02
	THERAWORX(WW THERA...	WW_THERAWORX-MM		2018-10-08

You can save any of the recorded files by using the “Right Click / Save As” method and saving them to a file on the PC. You can now use the saved files as you see fit.

NOTE: If your XDS receiver has DHCP enabled, the IP Address **WILL** change if the receiver is rebooted and will need to be retrieved again.

If ISCI's are missing in the Commercial Schedule, station staff can find them in the Traffic Instructions.
